On Tuesday 17th June a small group of us meet in the hawk to discuss the next club film.

Although Peter could not be with us for the meeting he left us some great ideas. One of which was to re-shoot a film we have already done in the past to update and improve the quality.

After some discussion it was decided to re-shoot The Driver originally starring Connie and Dave Tyler. The main reasons for this were because it is a great film with a good story line but over the years the picture quality had degraded.

Another idea that was discussed was making a second film about a couple who are looking to buy a caravan with only a small car to tow it and it turns out to be like Doctor who's Tardis, tiny on the outside but very large and spacious on the inside.

The next meeting has been arranged for **Tuesday 22nd July 8pm** at the Parker house hold. This meeting is to review the old film and discuss any changes that need to be made and the next steps to re-creating this film. If you are interested in helping us re-shoot this film please come along as we will need lots of help both behind and in front of the camera.
