CLOSED SEASON FILMING ACTIVITY

This years' theme:

“WATER”

Jointly or individually, members are invited to join in this year's Water Theme

The idea is to use a theme as broad as possible, so you can produce a film associated with “WATER” *during the closed season.*

Water Skiing, Boating, Lakes, Canals, Lochs, Domestic Water Supply, Cruising, Washing the Car, Quenching your Thirst, Bathing the Dog, Cleaning the Windows, Singing in the Rain, Washing your Socks, Washing your Hair...the list is endless for you to apply your imagination to the limit!!!

Keep the duration within the usual 10 minutes and you can show it to club members during next seasons programme, on the 15th November 2012

REMEMBER...HAVE FUN !!!
